About: Cpl. Andrew Hutchins was killed defending our country in Sabari, Afghanistan on the 8th of November, 2010. He was part of the weightlifting, basketball, and baseball teams, as well as a member of Jobs for Maine's Graduates during his time at Carrabec High School. He graduated from Carrabec High School in 2008. His scholarship was set up to benefit Jobs for Maine's Graduates students statewide as well as Carrabec High School students. We hope to be able to expand the scholarship in the following years.

He leaves behind his dreams of continuing his education to become a pharmacist, and this scholarship will help students realize their dreams beyond high school.
