## ROTC Instructor Positions

### **What is the ROTC Functional Support Program ?**

Team Engility's mission is to provide highly qualified and motivated contract employees who are focused on enhancing the United States Army Cadet Command's mission of recruiting, training, retaining, and commissioning the Army's future leaders at over 270 colleges and universities across the country.

Engility is the prime contract holder and is supported by the following partner companies: Able Forces, Communication Technologies, OnPoint Performance Solutions, Prairie Quest Corporation, and The Ventura Group.

Team Engility supports the U.S. Army Cadet Command (USACC) and its subordinate Brigades and Battalions in achieving objectives related to recruitment, administration, training, retention, and commissioning of Army Reserve Officers' Training Corps (ROTC) Cadets. Team Engility provides command-wide specialized support in the functional areas of Cadet Recruitment, Military Science Instruction, Retention and Training, Military Science Field Training, administrative, and logistical services support.

We are placing Army Retired, Reserve, National Guard, IRR Officers and NCOs, and those leaders separated honorably within five years into ROTC units at colleges and universities across the United States. Team Engility offers opportunities with a robust compensation and benefits package. Contracted positions include Senior Military Science Instructor (SMSI), and Military Science Instructor (MSI). We are looking for dedicated experienced professionals that meet the requirements.

Requirements and current vacancies can be found on our website at [www.goarmyrotc.com](http://www.goarmyrotc.com). Or you can contact us at 1-866-234-8191..
