If Requesting the Marching Band

We are required to be placed directly behind the Colors in a parade, usually in the very front. When organizing your parade, please space the musical groups appropriately. This avoids any sound clash and benefits the spectators. Please call if you have questions regarding placement of the Marching Band in your parade.

The Marching Band does not usually perform parades after the month of October due to weather restrictions, although it never hurts to ask.

Other Info

Please note that these requests will be accepted or denied based on availability of the Bands. With personnel having civilian jobs, it is very important to allow sufficient time for us to find out whether or not we can support your request. Please send your requests as soon as you know the date/place/time and we will do our best to support your request. Thank you for your cooperation.
